14	THANH TAM JSC	154 TRUONG CONG DINH, VUNG TAU CITY	064-852466
		HCMC Branch (tel)	08-8640499

INTERNET EXCHANGE POINTS:

There are two Internet exchange points (which are called VNIX) in Viet Nam. They are located in HaNoi and HoChiMinh city. Our organization, VNNIC, is in charge of maintaining these. We have a website of VNIX (<http://vnix.vnnic.net.vn>), however it is still

in Vietnamese. You can see some diagrams that can provide an overview of VNIX's connection on this web site: (<http://vnix.vnnic.net.vn/network.htm>).
